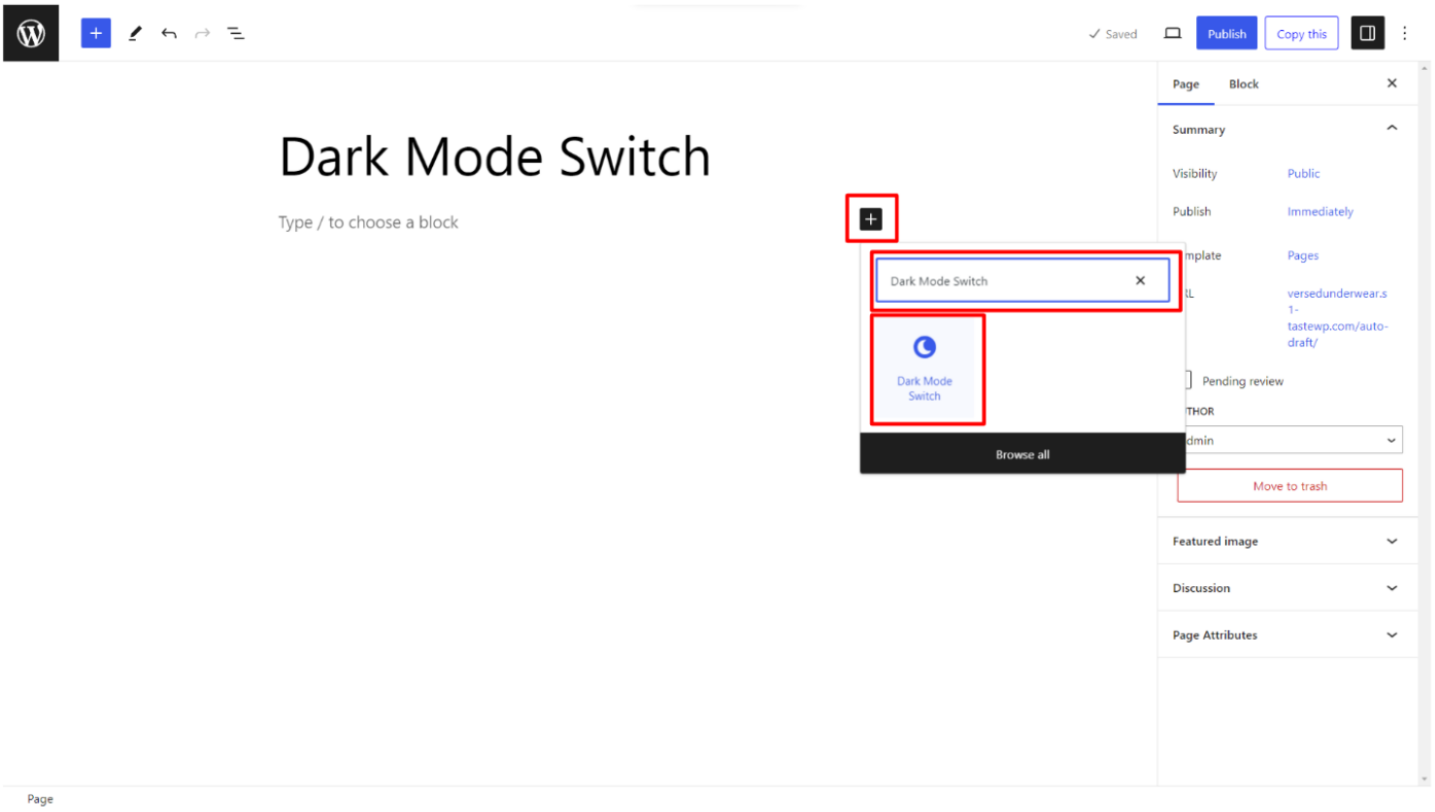
How to Display Dark Mode Switch Using Gutenberg Block

WP Dark Mode · https://wppool.dev/docs/display-dark-mode-switch-using-gutenberg-block/

You can display the dark mode switch anywhere on your website using WP Dark Mode's Gutenberg block easily.

Go to **WordPress Dashboard > Pages > Add New**. Then set the page title and click on the plus icon where you want to place the dark mode switch. Search for WP Dark Mode and click on "Dark Mode Switch".



Select your preferred style and click on "Publish". Your website is now ready to change into dark mode.
