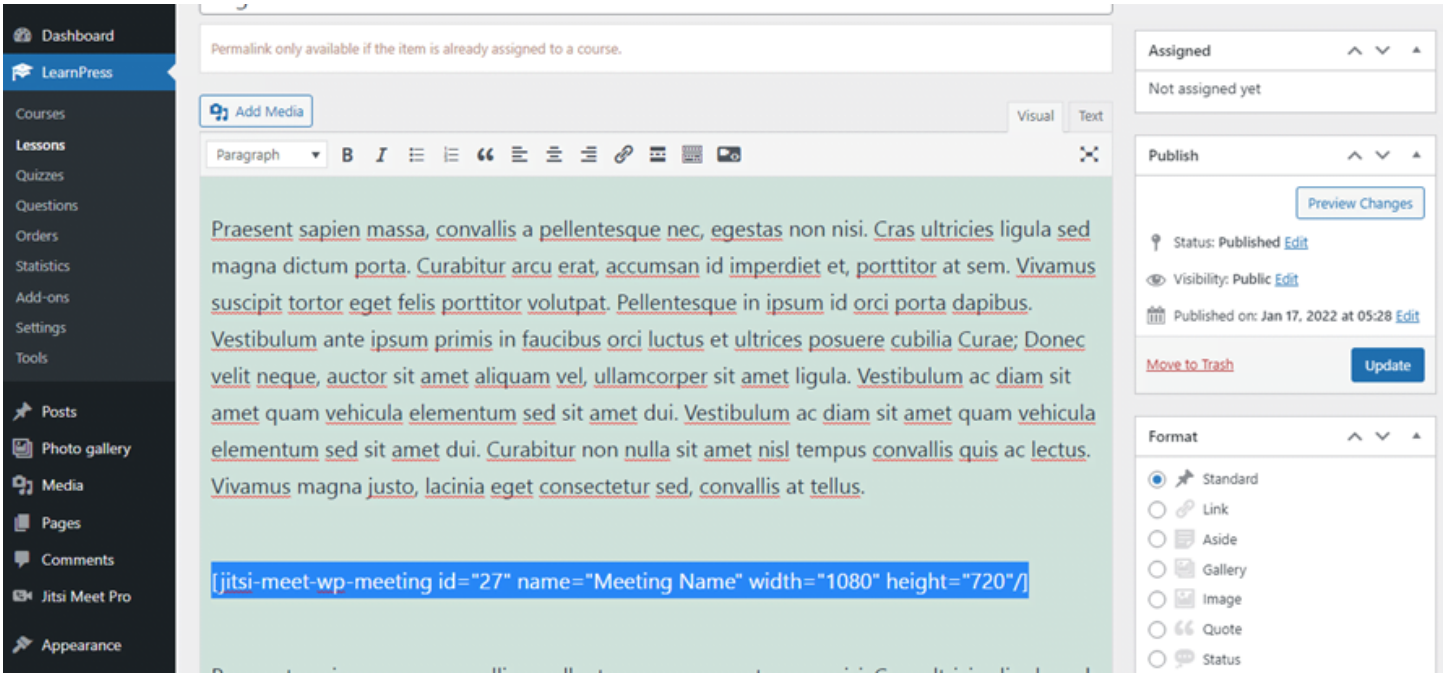
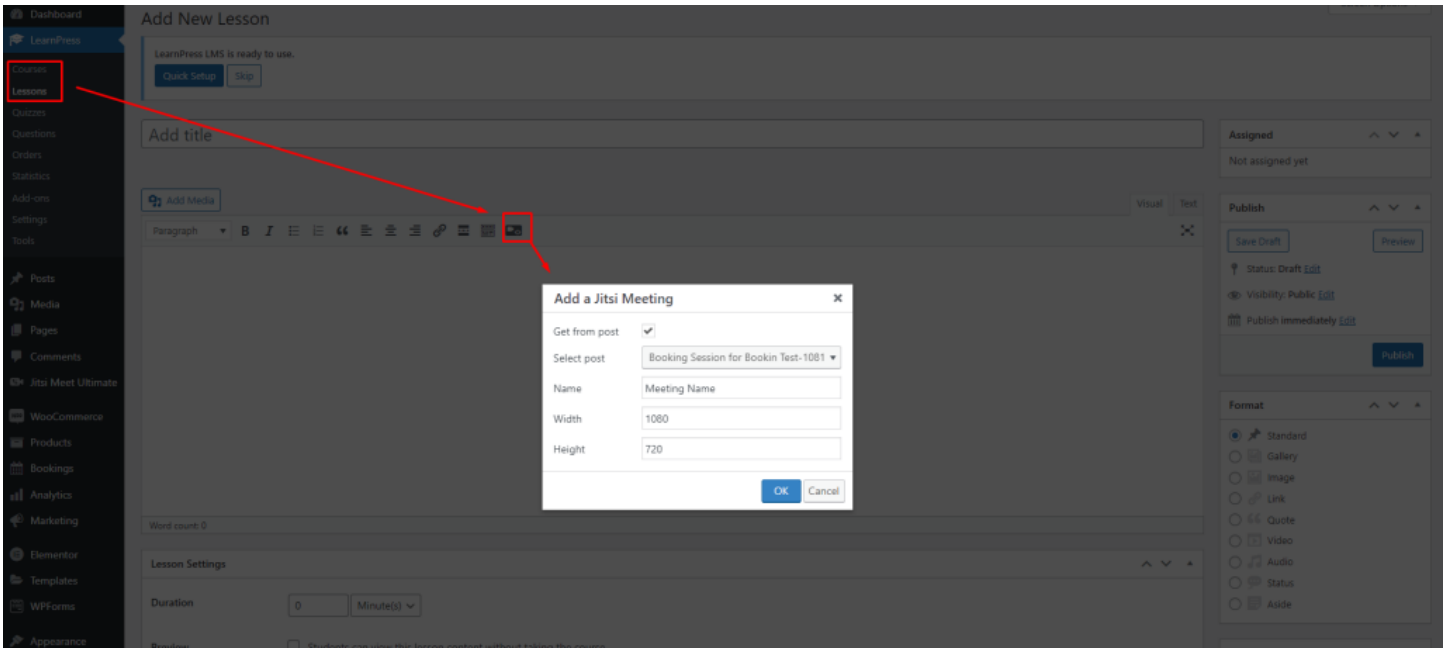
Users must need to install the LMS plugin to integrate with Jitsi Meet.

Go to your dashboard and click on the menu item ‘Jitsi Meet Pro’> Meetings then copy the shortcode.

Then go to the LearnDash or LMS plugin section like LearnPress > courses> add new

After set up all course materials, we can paste the shortcode anywhere in the content section and also in lessons. Like





After that publish the page and view the course. It’s very simple. Also, can create or add meetings from classic editors by selecting the Jitsi icon.
