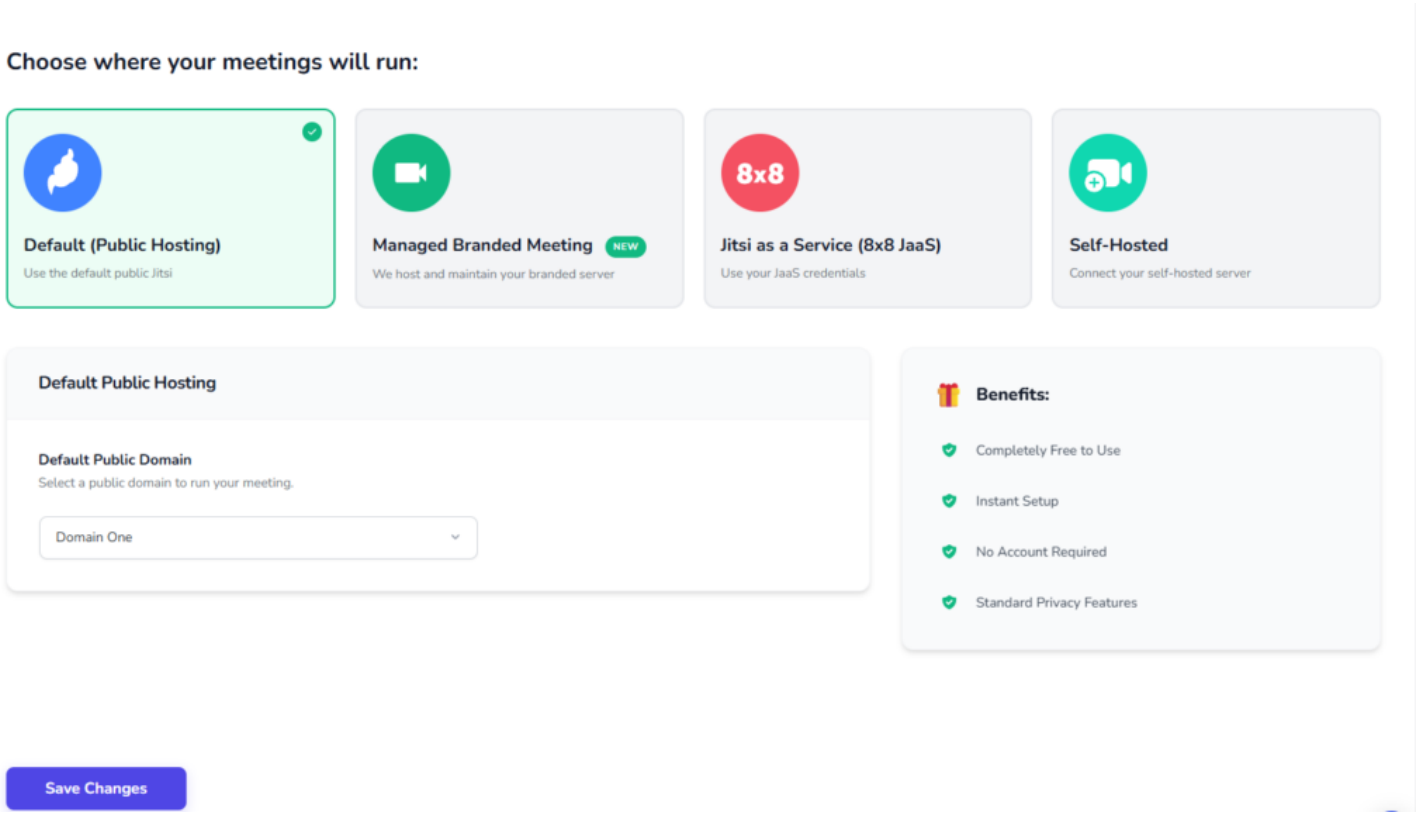
How to Use Jitsi Meet Free, JaaS 8×8 & Self Hosted Server | FlexMeeting

FlexMeeting - Webinar and Video Conference with Jitsi Meet · https://wppool.dev/docs/how-to-use-jitsi-meet-free-jaas-8x8-self-hosted-server/

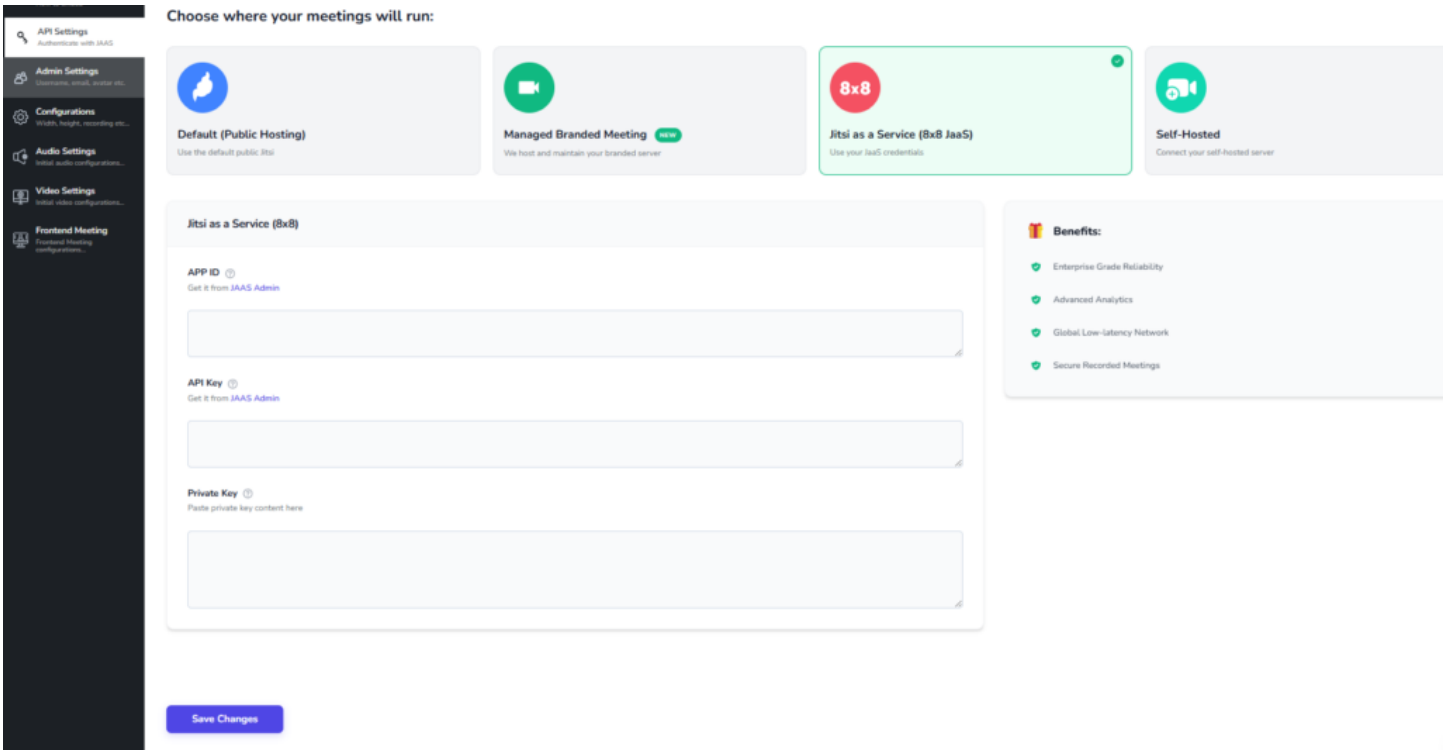
Go to your dashboard and click on the menu item ‘Jitsi Meet Pro’> API setting then hit on the

- **Jitsi Meet Free**
  - - Just install by a free plugin

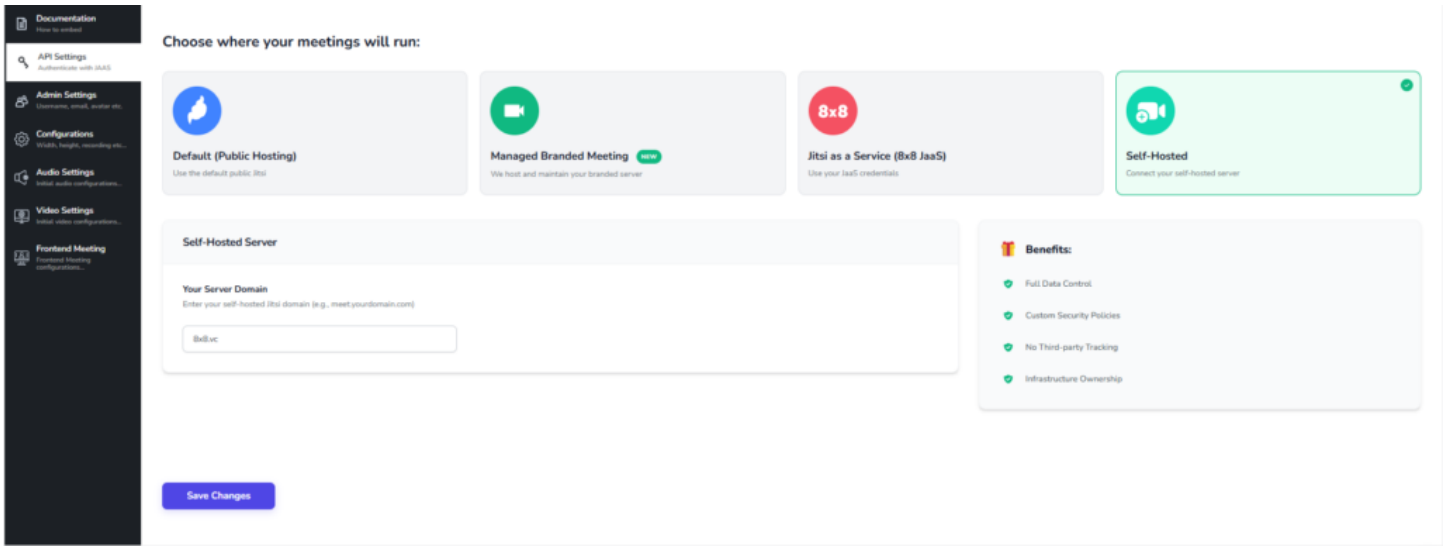


- **JaaS 8x8**
  - - Click on the JAAS Admin below of the APP ID and for the JaaS 8x8 server you need a subscription. So hit the JAAS Admin to get the APP id, API Key and Privacy key from the APP section. Copy the APP id and generate the API key and download the Privacy key from

https://jaas.8x8.vc/#/apikeys and go back to the plugin section and use the code of individual sections of the plugins.



- **Self Hosted**
  - - If you have a self-hosted server you can use this plugin. Just add your hosted URL.



Now hit the save changes button and enjoy it.
