How to Use Scheduled Auto Sync of FlexStock with Google Sheets for WooCommerce

FlexStock - Stock Sync for WooCommerce with Google Sheet · https://wppool.dev/docs/how-to-use-scheduled-auto-sync-of-flexstock-with-google-sheets-for-woocommerce/

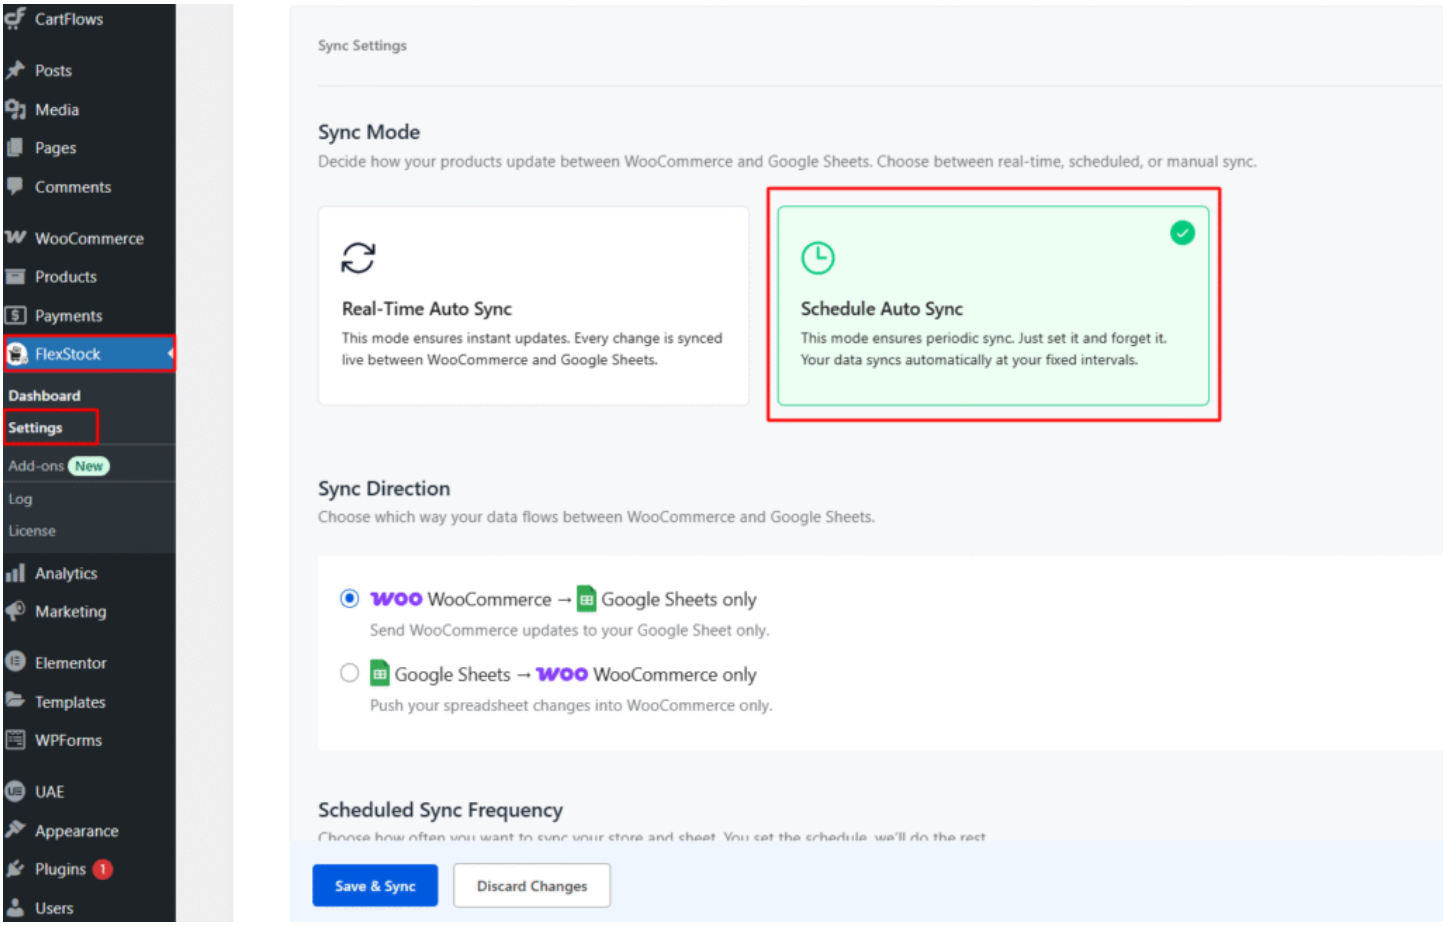
With **Scheduled Auto Sync**, FlexStock allows you to automatically synchronize data between WooCommerce and Google Sheets at fixed intervals. Follow the steps below to set it up:

Access Settings:

- Go to your **WordPress Dashboard**.
- Navigate to **FlexStock → Settings → Sync Settings**.

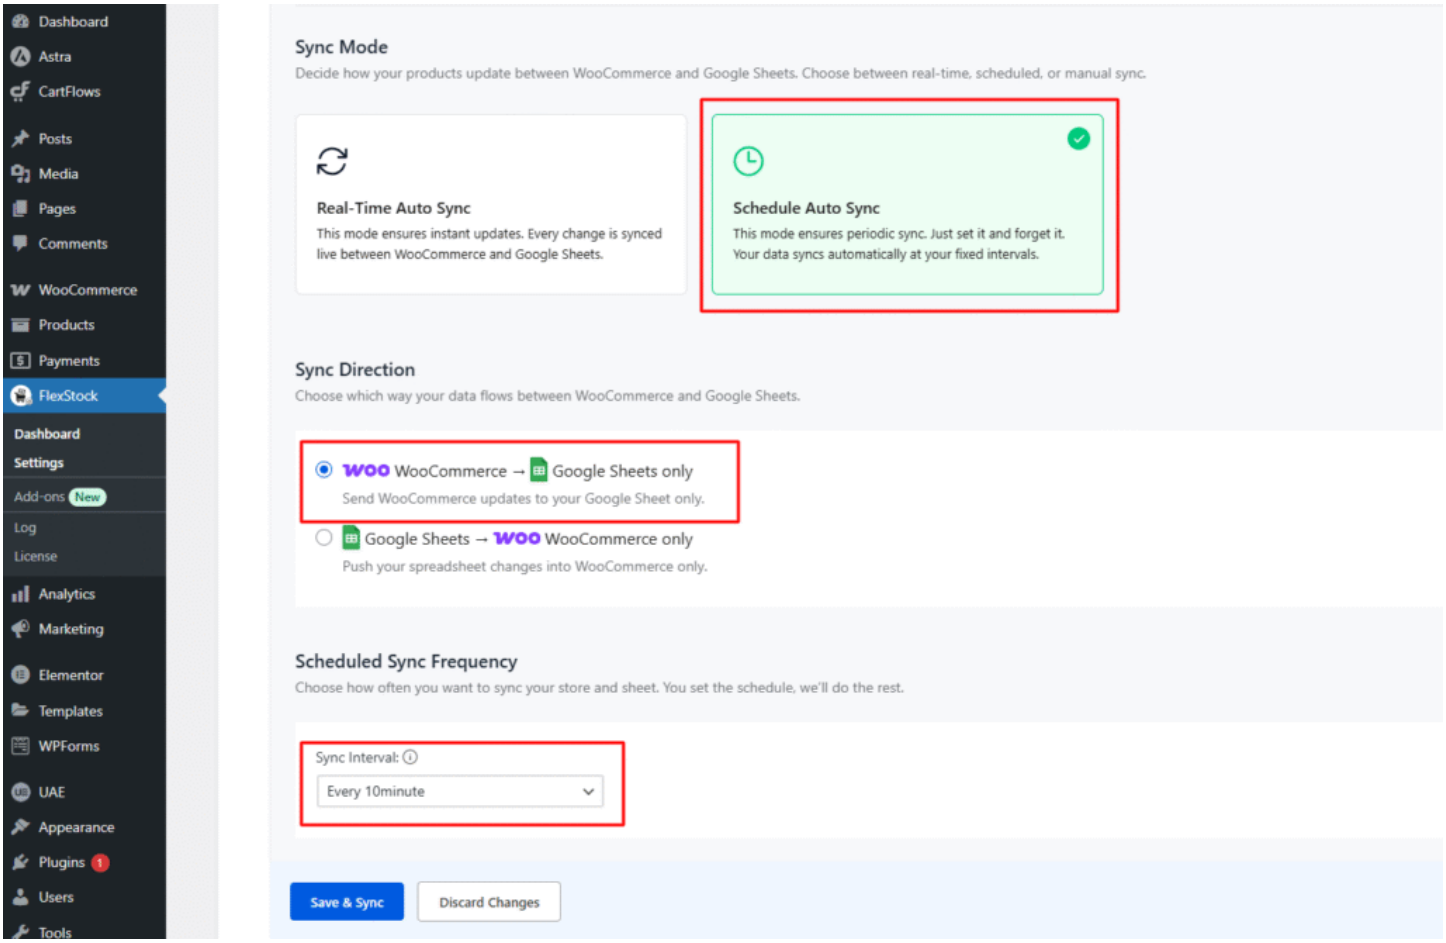
Choose Sync Mode:

- Under **Sync Mode**, you will find **Schedule Auto Sync** (syncs data automatically at fixed intervals).➡ **Select Schedule Auto Sync** to enable scheduled synchronization



WooCommerce → Google Sheets (Free Version)

- Select **WooCommerce → Google Sheets only**.
- Under **Scheduled Sync Frequency**, the free version allows syncing **every 10 minutes**.
- Click **Save & Sync**.



Google Sheets → WooCommerce (Ultimate Version)

To push changes from Google Sheets **back into your WooCommerce store**, you'll need the **Ultimate Version of FlexStock**.

- Ensure that the Ultimate version is activated before proceeding.
- You can [**purchase it here**] and follow our step-by-step **activation guide.**

Enable Google Sheets → WooCommerce Sync (Ultimate Version)

Once the Ultimate version is activated, select **Google Sheets → WooCommerce only**. In the **Scheduled Sync Frequency** dropdown, you'll have multiple options, including:

- Every 10 minutes
- Every 30 minutes
- Every 1 hour
- Daily

- Weekly

Choose your preferred frequency. Click **Save & Sync** to apply changes.

That’s it! Your FlexStock plugin will now automatically keep WooCommerce and Google Sheets in sync according to your chosen schedule.
